---------------------	------------------------------------	--------------	--------	---------	---------	---------	---------	---------	---------	---------	---------	---------	---------	---------	---------	------------------

¹ Federal CIP (Classification of Instructional Programs) Code - used by state and federal governments, college admissions sourcebooks, and national surveys for grouping and comparing degree programs offered by

² May be an individualized major from Schools or Colleges other than the College of Liberal Arts and Sciences. For federal reporting, all individualized majors are reported in this CIP number.

³ Graduate certificates historically have not been reported - some certificates are awarded by departments without having passed University approval procedure for notation on transcript; certificates approved for transcript were recorded in free text comment in previous student record system. PeopleSoft may enable reporting in the future.

⁴ Typically counted in state and federal reports as master's degrees because there is no federal award level for the second professional degree.

OIR/October 2009
