

On-Line Classes: Student Evaluation of Faculty-Fall 2009

HuskyCT classes being taught completely on-line will be evaluated on-line.

This does not apply to web assisted classes nor is it an option at this time to have an “in person” class rated in this manner.

The summary results of the Primary Instructor surveys of these classes will be included in the Normative Profile reports for Department, School and Total University.

The instructor will have access to add three questions from 11/23/09 until 11/28/09 only. Access is through secure sign-on from instructor’s Husky-CT homepage using Netid and password.

Instructors should email their class roster to alert them of the opportunity to complete this survey between 11/30/09 through 12/11/09. The start and end times are set for (11:59PM).

The students in each class roster will be sent a link for the secure log-in page which will require their Net id and password. This link will appear on their HuskyCT homepage under “Bookmarks”. Each student will then have access to a page of links, one for each of the on-line classes in which they are enrolled. When they click one of the links, the survey for that class will appear. Once they have submitted the survey, they will no longer have access.

UITS has created programming to merge the results of this survey with that of the paper based surveys. Summary results will still be paper based and sent to each instructor via University Mail Services.

Comments of the students for these instructors will be available from 12/28/09 to 1/25/10 for the instructor only via the link for the survey(s) that will appear under “Bookmarks” on their HuskyCT homepage. There is no access to the actual survey that the students complete available to the instructor.

If you have questions concerning the evaluations, please contact Cheryl Williams at the Office of Institutional Research at (860) 486-1910 or Cheryl.Williams@UConn.edu.
